## Pole Pool Covers

Pools are a luxury, adding value and entertainment to any home or business. But when it comes to safety a Pole Pool cover is a MUST. When it comes to family and pets safety, a Pole Pool Cover is a must!

### **Why Use a Pole Pool Cover?**

A pool is a wonderful asset to have at a home but also can be a danger for children and pets. A Pole Pool Cover is a safety feature that fits over the pool to stop anything from leaves to full grown adults from falling into the pool.

### **How Does It Work?**

The cover is made from High quality, UV stabilized PVC fabric with aluminium poles running across the width of the pool. The poles act as the support, keeping the fabric above the water line and anything on top of the cover from falling into the pool. The cover is fastened down by means of a stainless steel ratchet system on the ends of the cover.

### **Why Use a Popular Canvas Pole Pool Cover?**

When it comes to safety we take our business seriously. only Using Quality components:

- Locally sourced Fabrics that last in the SA Sun
- Stainless steel and Aluminium Components
- 600kg Breaking strength webbing
- All joins and hems are High frequency welded for a durable finish

## **Benifits of a Pole Pool Cover**

- **Easy to use**, The cover is easily folded away when not in use, with the poles acting as supports across the width of the pool.
- **Strong And Durable**, We use strong 550g - 600g PVC fabric along with Industrial strength ratchets and aluminium poles.
- We have a range of colours to suit you home or business.
- Reduces evaporation by up to 98%!
- Reduces chemical usage in the pool due to less evaporation and less algae from lower light penetration.
- Easily closes the pool over the winter months.
- Prevents debris from falling into the pool.

Our Pole Pool covers have a 12 month guarantee but can last in excess of 3-5 years when well maintained.

The Pole pool cover can become heavy as the size increases, resulting in more than 1 person needing to operate. For more information please contact our office.
